COTTON IN LIVERPOOL.

The condition of the local money market has undergone no essential change for some time past. The banks have a large supply of carreney with which to meet to supply of carrency with which to meet to the fallest extent the demands of legiti-mate business, and strictly first class pa-per could readily be placed at 2 per cent.

In the ratios at rich price extent the demands of legitle made bosiness, and strictly first class paper could readily be placed at 9 per cent, the ratios of interest ranging from 90.10 per cent. While this easy condition of sides in reported the beaks are excepting a healthy discrimination and take none but good paper, but are into market for all of that class that is enforced. On the street prime paper is easily negotiated at 10 per cent, and first class paper will be readily taken at the bunk ratios.

Exchange is first and rates mechanged. On the country ward and such an eastern points of \$1.00 per cent, and first class paper will be are taken at per cent, and sight drafts or eastern points of \$1.00 per cent, and sight contained to the country. And the class that is not contained to note imprises the first and rates mechanged. Onton bills are taken at the bunk rates.
